WARRANTY CONDITIONS

Serial number

Date of sale

Seller's stamp and signature

1. Warranty period

The manufacturer provides a warranty for this product for a period of 24 months from the date of purchase by the consumer. The warranty period is extended by the time during which the product was under warranty repair, or could not be used during the warranty period, or if the nature of the defect prevented its use. The warranty only applies to defects caused by manufacturing errors or material defects!

2. Warranty card

Free warranty service is only provided if proof of purchase of the product (receipt) and a correctly completed warranty form is presented – it must contain the serial number, date of sale and stamp of the store (assembly company). Copies and incorrectly completed warranty forms will not be considered!

3. Repairs during the warranty and post-warranty period

Warranty service must be claimed at the organization where the product was purchased or at the assembly company that performed the installation.
